Description of Group

Gluaiseacht for Global Justice is a not-for-profit organisation working for environmental and social justice.

Our principal objectives are the promotion of sustainability, social and environmental justice and the advancement of education for sustainability.

Gluaiseacht supports the development of a strong climate justice movement in Ireland.

It is a diverse group, working with campaigns and skills networks that share the same vision of a truly sustainable society.

Overview

Individuals and communities seeking to protect their environment have historically faced many obstacles in attempting to vindicate their natural rights.

Gluaiseacht for Global Justice works with groups and communities facing this situation by offering direct solidarity and support.

In the greater sense, Gluaiseacht's intended beneficiaries are society and the environment we live in. We all have the right to an environment that is consistent with human dignity and the well-being of citizens at large.

The earth's natural resources: soil, water, minerals, and the atmosphere itself are being drastically affected by humanity's uncontrolled consumption. Education and sustainable practices are needed to alter the current path towards mass future impoverishment.

Beneficiary Selection Policy

Beneficiary Consideration

1. Gluaiseacht works with and supports groups and projects all over the island of Ireland wherever campaigns take place in line with our objectives.
2. Gluaiseacht also works with registered charities and NGOs.

Beneficiaries of Gluaiseacht

Beneficiaries that we work with directly :

- The natural environment (all our objectives further the protection of the natural environment).
- Community campaigns for social and environmental justice on the island of Ireland.
- Third level student groups on the island of Ireland.
- Irish environmental and social justice movements/campaigns.
